## CERTIFIED AMBULANCE DOCUMENTATION SPECIALIST COURSE

The Certified Ambulance Documentation Specialist (CADS) certification is the first offered by NAAC that is specifically geared for EMTs, paramedics and other EMS field practitioners. It is also appropriate for EMS QA/QI personnel, supervisors/managers, compliance officers, billers and anyone else involved in EMS clinical care or any aspect of the ambulance service revenue cycle.

Every one of your agency's EMS field providers should take the CADS course. Having providers at your agency with the CADS credential shows a true commitment to quality care and top-notch documentation by your agency.
