2025 EMS Workforce Grant Application Guidance

Grant applications are due by Friday, May 16, 2025, at 11:59 PM ET

Grant Introduction

Welcome to the Michigan Center for Rural Health (MCRH) paramedic scholarship application portal.

MCRH is excited to provide this grant funded EMS workforce scholarship to aspiring paramedics across rural regions of Michigan. This scholarship fund will cover the cost of paramedic initial education for our rural Michigan EMS students, especially those encountering education barriers and/or challenges. There is a shortage of paramedic providers across the state and these grant funds will help alleviate the workforce shortage in rural Michigan communities.

The EMS workforce paramedic scholarship application offers two tracks.

Track 1: This scholarship track will provide up to \$20,000 in student tuition (books and fees can be included) to attend the approved initial paramedic education program of choice (EMS agencies and colleges qualify).

Track 2: This scholarship track offers reimbursement for the time spent in EMS training programs, at a rate of \$15/hour, to a maximum of \$16,000 per student. (EMS agencies qualify).

Everyone interested in attending a Michigan approved initial paramedic education program is encouraged to apply. Preference will be given to the following categories:

- EMS professionals serving rural Michigan census tract communities
- Single parents with a desire to serve as a paramedic
- Women with a desire to serve as a paramedic
- Racial and ethnic minorities with a desire to serve as a paramedic
- Veterans with a desire to serve as a paramedic

Applications are due by Friday, May 16, 2025, at 11:59 PM ET.

The institution receiving the scholarship funds must apply for the scholarship amount on behalf of the student. Funding will only be distributed to initial education paramedic programs and licensed Michigan EMS agencies.

Grant questions?
