# **Changes Implemented**

Problems	Changes
Documentation of discharge planning was fragmented	Developed shared note for documenting discharge planning
Delay in patient receiving their home medications	Implemented standard work for Pharmacy to complete Medication History at 12-hour ED LOS
Inconsistency of Care (activities: amb in dept., TV, movies, hospital bed offered)	<ul> <li>ED Behavioral Health order set being developed to direct activities allowed and precautions required</li> <li>New ED cot mattresses ordered to improve comfort</li> </ul>
Provider Notes and handoff documentation inconsistent	Provider Note template improved
RN handoff and assessment documentation	ED Behavioral Health order set being developed to initiate action for RN reassessment

## **Changes Implemented**

Problems	Changes
VS not completed per policy	ED Behavioral Health order set being developed to indicate VS frequency needed
Safety, Security events	<ul> <li>Initiated "Flagging" pts with history of violence</li> <li>Security Officer FTE's increased</li> <li>Finger Food menu developed</li> <li>Edits to policy to increase staff safety</li> </ul>
Delay in transfer out (delay in EMS, delay in acceptance from facility)	<ul> <li>Developed a Regional Pediatric Psychiatric Patient Transfer Guidelines for transfer at 24 hours</li> <li>Tracking/reporting EMS delays</li> </ul>
Gaps in completing the Suicide Assessment	<ul> <li>Development and training of a Suicide Assessment note for MSW, and House Supervisors</li> </ul>

### **Next steps**

- >Increase number of charts per review
- >Celebrate and Recognize Exceptional Care
